EDUCATION

University of Pennsylvania | Philadelphia, PA

May 2026

Dual Degree - Jerome Fisher Program in Management & Technology

Wharton School - Bachelor of Science in Economics | **Management**

School of Engineering and Applied Sciences - Bachelor of Applied Science | **Computer Science**

COURSEWORK

Relevant Coursework: Corporate Finance (Honors), Strategic Cost Analysis, Marketing, Managerial Economics, Negotiations, Product Design, Management of Technology, Accounting and Financial Reporting

RELEVANT EXPERIENCE

Amphenol, Associate Product Line Manager | Santa Clara

June 2026 - Ongoing

TE Connectivity, Product Management Intern (High Speed Cable Portfolio) | Middletown, PA

May 2025 - Aug 2025

- Managed sample kits for **OSFP, QSFP-DD, QSFP, and PCIe Gen 5 (CDFP) high-speed cable products** to hyperscalers & silicon vendors (Broadcom, Marvell, Semtech, Dell, & HP), **coordinating Marketing, Sales, Engineering, and Product**
- Led IP research for legal team, identifying **\$XXM in competitor infringement** of TE's OSFP and QSFP-DD patents across key accounts
- Uncovered **\$XXM in lost opportunity** across **12 top-performing SKUs** through **sales price vs. cost analysis**; presented findings to leadership with pricing and cost data visualizations; recommended margin improvement strategy
- Designed product line hierarchy** for **OSFP, QSFP-DD, and PCIe cable families**, segmenting by connector configuration and signal type to support **NPI planning, life cycle rationalization, and tariff exposure management**
- Conducted **competitive market analysis** on HSIO cable demand, **mapping 800G/1.6T/3.2T product trajectories**

Manatal (B2B HR Software), Product & Project Management Intern | Bangkok, Thailand

Dec 2023 - Jun 2024

- Owned 0-to-1 product development** of [SleekJob](#), a global job board: conducted user research, defined requirements, built roadmap, and established KPIs for a **cross-functional team of 10 across engineering, design, and marketing**.
- Deployed MVP to **1.2k users across 10+ countries**, reaching **500+ applications/month**.
- Redesigned Manatal onboarding, **benchmarking** 15 competitor products, reducing user drop-off for 4,000+ SMBs.

CLP Holdings, Business Development & Asset Management Intern | Hong Kong

Jun 2023 - Aug 2023

- Conducted research on energy tariffs, commodity pricing (Coal & Oil), and 40+ energy & infrastructure firms
- Supported Investment Committee (IC) through **renewable energy project modeling to analyze solar & wind projects**
- Analyzed cost of capital in 15+ Asia Pacific markets** (equity research and Bloomberg Terminal) for IC review

StarkHacks, Hardware Organizer

Jan 2026 - Present

- Organizing the world's largest hardware hackathon

SKILLS AND PROJECTS

Backend & Systems: Python, Java, C++, SQL, REST APIs, Django, Flask, JavaScript, Docker, AWS

LLMs & Analytics: PyTorch, Llama, Hugging Face, NumPy, Pandas, OpenCV, A/B Testing

Product & Tools: Git, Figma, Jira, Agile, Cursor, Claude Code, Lovable

[Orbit](#) - **Voice-First Personal AI Agent** (FastAPI, React, Claude Sonnet 4.5, LangChain, Whisper, ElevenLabs)

Dec 2024

- Full-stack Gen AI agent - Built production infrastructure with self-hosted Whisper ASR, PostgreSQL database, multi-channel integrations (Twilio SMS, Gmail API, Slack SDK, WhatsApp), and LangSmith observability tracing

Human-Computer Interaction (HCI) Research - User Anonymity & Sentiment Analysis, (Python, R, NLP)

- Analyzed 9,800 profiles and 13,000 tweets to develop a **framework quantifying user anonymity** and its effect on online sentiment; received **Best Presentation at Sigma Xi IFoRE 2023**

LANGUAGES

Languages: English (Fluent), Mandarin (Intermediate - HSK 5), Spanish (Beginner)

Interests: soccer, tennis, f-1 racing, travel shows, caricature portraits, learning languages, and trying new cuisines
